## ACTIVITY IMPOSSIBLE

OPPOSING ARMIES IN MANCHURIA  
ARE UNABLE TO RESUME  
HOSTILITIES.

## FOG COVERS THE COUNTRY

OPERATIONS ON A LARGE SCALE  
TOO DANGEROUS UNTIL THE  
MIST IS LIFTED.

With the country enveloped in thick fog and the roads in wretched condition, activity for the time being is impossible for either the Japanese or the Russian army south of Mukden. There have been several brisk skirmishes and some surprises of a minor character, but the lifting of the fog must precede any notable conflict of the forces.

No official report from the commander at Port Arthur later than Oct. 10 has reached St. Petersburg.

## ARMIES CONCEALED FROM VIEW.

Dense Fog Prevents Fighting in Manchuria.

Mukden, Oct. 21.—The hostile armies on Thursday were concealed from the view of each other by a dense fog, in which it was impossible to make out objects at a distance of 100 paces. Under such conditions only unimportant operations were possible, such as surprises and ambushes. Possibly were the roads in better condition the fog might favor movements of troops and concentrations at unexpected points, but without question operations on a large scale would be too dangerous, and so everything was quiet on the front Thursday. Neither cannonading nor musketry firing was audible.

## JAP LOSSES ENORMOUS

FIFTY THOUSAND MEN KILLED IN  
ATTEMPTS TO CAPTURE  
PORT ARTHUR.

Chefoo, Oct. 21.—According to a camp follower who has been fore some time with the Japanese army now besieging Port Arthur and who is at present in Chefoo, having arrived from Dalny, the number of Japanese killed before the forts has reached 50,000. He says the mikado's men recklessly attacked the strongest positions, making wild rushes in masses, the soldiers being stripped of their accoutrements and clothing. The result was that the Russian machine guns mowed them down. He also asserts that there is some talk among the officers and men that leads to the belief that the Japanese mean to try to carry the inner forts and citadel this month.

## SITUATION AT THE FRONT.

Japs Describe Disposition of Forces in Manchuria.

Tokio, Oct. 21.—Manchurian headquarters, telegraphing Wednesday, reviews the situation at the front as follows:

"Yesterday the center column of the Right army attacked and dislodged the enemy's cavalry at Tunchiafen, but a small body of the enemy's infantry returned to that eminence.

"The enemy continues to hold Waitoa mountain.

"On the morning of Oct. 19 two battalions of the enemy's infantry were visible near Kackwanchia, lying to the right of the Right army, and they appeared to have supports in the rear. The strength of the latter is under investigation.

"On the afternoon of Oct. 19, the right wing of the center column discovered two battalions and a battery of the enemy advancing in its front from Tunchiafen to Titi mountain. They concealed themselves behind Titi mountain.

"One brigade of the enemy is located near Fenchiapao. The enemy's guns north of Fenchiapao occasionally shell our positions. There is no change in front of the left column of the Right army.

"There has been no change in front of the Center army, except that there are occasional exchanges of shells.

"It is quiet in front of the Left army, though the enemy occasionally sends shells toward our positions. On the night of Oct. 18 the enemy attacked the front of the left column, but he was repulsed."

## JAPANESE MAKE GAINS.

Are Now Within Five Hundred Yards of Main Fortress at Port Arthur.

Chefoo, Oct. 21.—The important recent events at Port Arthur include the capture by the Japanese of further minor positions near Rihlung mountain and the severe damage of a Japanese torpedo boat destroyer by striking a floating mine.

According to Chinese advices which reached here during the day and which are confirmed in essential points by Japanese letters from Port Dalny the Japanese made assaults on the remaining outer works of Rihlung mountain at dawn Oct. 8 and were repulsed. The following day the Russians made an attack on the Japanese trenches and they in turn were repulsed. The Japanese immediately followed with another assault, resulting in the capture of an iron railroad bridge and the

heights south of the bridge, which is 500 yards from the main fortress.

The importance of these captures lies in the fact that they curtail the Russian fire in harassing Japanese who may attempt to advance on the trenches located on the slope of Rihlung mountain. This attack seems to have been a surprise for the Russians, the Japanese claiming that they lost only fifty men. Since the capture of the points mentioned the Japanese assert that they have successfully resisted numerous sorties in attempts to recapture them.

## UNDER CHANGED CONDITIONS.

Fighting Will Be Resumed When Fog Disappears.

St. Petersburg, Oct. 21.—Apart from skirmishes and exploits of scouting parties, there is almost a complete suspension of operations in Manchuria. The heavens have interposed to put a stop to bloodshed. Rain, impassable roads and exhausted armies are factors sufficient in effect to cause a cessation of hostilities and these conditions are aggravated by a dense fog overspreading the whole theater of war. Behind this pall either side would be able to change the disposition of whole forces in absolute secrecy; but the obscurity renders absolutely dangerous any attempt at a forward movement. When the curtain of mist is lifted, the fighting may be renewed under totally changed conditions.

Press correspondents at the Russian front record a successful repulse of a night attack on Russian outposts in the early hours of Oct. 19. The Russians pursued the Japanese and captured a gun which, under the cover of the fog, they were able to remove.

The wild flight of rumors continues in St. Petersburg, the rout or capture of Japanese division or battalion and scores of guns alternating with alarmist stories of General Kuropatkin's retreat on Mukden, all usually untrue. The war office declares that there have been no serious developments since the capture of Lone Tree hill last Sunday and authorizes the Associated Press to deny the report that a Russian battalion had been annihilated in trying to cross the Taltse river. A prominent general said:

"It is absurd to suppose that a battalion was still on the other side of the Taltse river when the whole of the eastern flank had withdrawn sixteen miles north of the river."

As to the stories of General Kuropatkin's retreat, it is sufficient to refer to the energetic scouting behind the Japanese lines to show that the Russian commander is determined to engage the enemy as soon as the weather permits.

The Sixteenth army corps will be the next to start for the front. This corps is stationed at Vitebsky and belongs to the military district of Vilna, which is going out as a part of the Second Manchurian army under the former chief of the Vilna district, General Gripenberg. The corps probably will leave Vilna on Nov. 8 direct for Harbin.

Emperor Nicholas has received no report from General Stoessel, the military commander at Port Arthur, since Oct. 10.

## DISASTER NARROWLY AVERTED.

General Bilderling's Corps Defeated by the Japs.

St. Petersburg, Oct. 21.—A correspondent of the Russky Listok sends to that paper a graphic account of the fighting by General Bilderling's corps on Oct. 12, when the Russian right flank was broken. It now develops that disaster was averted solely by the timely arrival of General Soboleff's Sixth Siberian corps, composed almost entirely of reservists and many regiments of which were experiencing their first taste of actual war. The correspondent telegraphs that General Oku's desperate onslaught forced back General Bilderling and drove in Stakhovitch's cavalry, which was guarding Bilderling's right. The situation was most critical, but the Sixth corps, which had been held in reserve, promptly came up and supported Bilderling, and things assumed a brighter aspect. The fighting was exceedingly furious. Two reserve corps of regiments which had never before been under fire bore the brunt of the Japanese advance and obstinately held their ground. The following day the battle was resumed with the fullest intensity. The Japanese threw themselves headlong against the positions of the Sixth and Seventeenth corps. The fighting continued the whole day despite a terrific downpour of rain and a fearful thunderstorm. A Japanese battery dashed out from General Oku's right and opened a deadly fire upon the Russian trenches until the Tenth artillery brigade came into action and in a few minutes dismantled the Japanese guns. A squadron of Japanese cavalry met a similar fate, while charging some Russian infantry. Two other reservist regiments covered themselves with glory by boldly attacking the Japanese and dislodging them from their trenches.

## AS AN UNFRIENDLY ACT.

Proposal for Mediation Would Be So Regarded by Russia.

Cologne, Oct. 21.—In the course of a long article discussing the subject of mediation between Russia and Japan, the Cologne Gazette (which is regarded as the organ of the German foreign office) says that even in its most modified form a proposal in the direction indicated would be regarded as an unfriendly act, and that the state undertaking it would incur grave ill will thereby. "The statement that Germany is sympathetically inclined toward a peace congress and would take a step in that direction, in conjunction with America," the Gazette adds, "is absolutely false, and it is equally false to say that Germany has concluded or is considering any agreement with Russia incompatible with Germany's neutrality."

## MARINES TO REMAIN

AMERICANS WILL STAY IN PANAMA UNTIL THE DIFFICULTY IS ADJUSTED.

## CONDITIONS NOT VERY GOOD

ISTHMIAN GOVERNMENT LOYAL  
BUT SOME OF THE PEOPLE  
ARE DISGRUNTLED.

Washington, Oct. 21.—American marines will be retained on the Isthmus of Panama for the present, prepared to meet any emergency which may arise because of the disgruntled element in the new republic. This decision was reported Thursday and orders have been issued for a new battalion of marines to go to the Isthmus about Nov. 15 to relieve the battalion which has been there for a year. The new battalion will be commanded by Lieutenant Colonel Thomas N. Wood. The exact number of men in this new battalion has not been decided upon but it probably will be about the same size as the battalion now on the Isthmus which is to be brought home and dispersed among the marine barracks in the northern part of the United States.

That the situation on the Isthmus is still not all that could be desired is the news which came to Washington Thursday in a personal letter from an official now in Panama. While the Panama government is entirely loyal, it seems that there are certain disgruntled elements in the Isthmus and in view of the ease with which revolutions are started in Central and South America, it is the official opinion here that the marines should remain there for the present.

It is hoped that the mission of Secretary Taft will have a far reaching effect in bringing all elements on the Isthmus into harmonious accord with this government's policy.

## RECEIVED WITH SATISFACTION.

News That Secretary Taft Will Visit Panama.

Panama, Oct. 21.—The news from Washington that Secretary of War Taft is to come to the Isthmus next month, accompanied by Minister Obaldia and William Nelson Cromwell, counsel of the Panama Canal company, to arrange the matters in controversy between the United States government and Panama and the declarations of President Roosevelt on the subject, are received with satisfaction in all circles. President Amador is in receipt of messages of congratulation from all parts of this republic.

## MAY ATTACK ISTHMIANS.

Large Force of Colombians Reported Near Culebra.

Colon, Oct. 21.—There is a rumor current here that a large body of armed Colombians has been concentrated near Culebra with the intention of making an attack there on Nov. 2, the first anniversary of the secession of Panama from Colombia. The canal zone authorities are investigating the report, though not much importance is attached to the rumor, the origin of which is attributed to malcontents.

## MURDER IS MORE MYSTERIOUS.

Man Slain at Mentor, Minn., Is Joe Mongeon.

Crookston, Minn., Oct. 21.—The Mentor murder mystery is growing more and more mysterious as time progresses. The man supposed to have been murdered, Phileas Fountaine, was last evening located at Grand Forks, alive and well, in the butcher business, and the authorities immediately brought him to this city to view the remains which were supposed to have been his own. Fountaine, who was a former chum of Joseph Guilmette, the man believed to have committed the murder, identified the remains as those of Joe Mongeon, a Frenchman in good circumstances, whose home is at St. Pierre, Province of Quebec.

Mongeon was seen at East Grand Forks with Joseph Guilmette, his supposed slayer, by Fountaine last Saturday. Monday the pair of men got off the train at Mentor apparently for the purpose of hunting, and late in the afternoon of that day the tragedy occurred. Joe Mongeon is now beyond a doubt the man who was killed. It is thought Guilmette killed Mongeon for his money. No trace of Guilmette can be found.

St. Petersburg, Oct. 21.—A correspondent of the Russky Listok sends to that paper a graphic account of the fighting by General Bilderling's corps on Oct. 12, when the Russian right flank was broken. ## ACTIVITY IMPOSSIBLE

OPPOSING ARMIES IN MANCHURIA  
ARE UNABLE TO RESUME  
HOSTILITIES.

## FOG COVERS THE COUNTRY

OPERATIONS ON A LARGE SCALE  
TOO DANGEROUS UNTIL THE  
MIST IS LIFTED.

With the country enveloped in thick fog and the roads in wretched condition, activity for the time being is impossible for either the Japanese or the Russian army south of Mukden. There have been several brisk skirmishes and some surprises of a minor character, but the lifting of the fog must precede any notable conflict of the forces.

No official report from the commander at Port Arthur later than Oct. 10 has reached St. Petersburg.

## ARMIES CONCEALED FROM VIEW.

Dense Fog Prevents Fighting in Manchuria.

Mukden, Oct. 21.—The hostile armies on Thursday were concealed from the view of each other by a dense fog, in which it was impossible to make out objects at a distance of 100 paces. Under such conditions only unimportant operations were possible, such as surprises and ambushes. Possibly were the roads in better condition the fog might favor movements of troops and concentrations at unexpected points, but without question operations on a large scale would be too dangerous, and so everything was quiet on the front Thursday. Neither cannonading nor musketry firing was audible.

## JAP LOSSES ENORMOUS

FIFTY THOUSAND MEN KILLED IN  
ATTEMPTS TO CAPTURE  
PORT ARTHUR.

Chefoo, Oct. 21.—According to a camp follower who has been here some time with the Japanese army now besieging Port Arthur and who is at present in Chefoo, having arrived from Dalny, the number of Japanese killed before the forts has reached 50,000. He says the mikado's men recklessly attacked the strongest positions, making wild rushes in masses, the soldiers being stripped of their accoutrements and clothing. The result was that the Russian machine guns mowed them down. He also asserts that there is some talk among the officers and men that leads to the belief that the Japanese mean to try to carry the inner forts and citadel this month.

## SITUATION AT THE FRONT.

Japs Describe Disposition of Forces in Manchuria.

Tokio, Oct. 21.—Manchurian headquarters, telegraphing Wednesday, reviews the situation at the front as follows:

"Yesterday the center column of the Right army attacked and dislodged the enemy's cavalry at Tunchiafen, but a small body of the enemy's infantry returned to that eminence.

"The enemy continues to hold Wai-toa mountain.

"On the morning of Oct. 19 two battalions of the enemy's infantry were visible near Kackwanchia, lying to the right of the Right army, and they appeared to have supports in the rear. The strength of the latter is under investigation.

"On the afternoon of Oct. 19, the right wing of the center column discovered two battalions and a battery of the enemy advancing in its front from Tunchiafen to Titi mountain. They concealed themselves behind Titi mountain.

"One brigade of the enemy is located near Fenchiapao. The enemy's guns north of Fenchiapao occasionally shell our positions. There is no change in front of the left column of the Right army.

"There has been no change in front of the Center army, except that there are occasional exchanges of shells.

"It is quiet in front of the Left army, though the enemy occasionally sends shells toward our positions. On the night of Oct. 18 the enemy attacked the front of the left column, but he was repulsed."

## JAPANESE MAKE GAINS.

Are Now Within Five Hundred Yards of Main Fortress at Port Arthur.

Chefoo, Oct. 21.—The important recent events at Port Arthur include the capture by the Japanese of further minor positions near Rihlung mountain and the severe damage of a Japanese torpedo boat destroyer by striking a floating mine.

According to Chinese advices which reached here during the day and which are confirmed in essential points by Japanese letters from Port Dalny the Japanese made assaults on the remaining outer works of Rihlung mountain at dawn Oct. 8 and were repulsed. The following day the Russians made an attack on the Japanese trenches and they in turn were repulsed. The Japanese immediately followed with another assault, resulting in the capture of an iron railroad bridge and the

heights south of the bridge, which is 500 yards from the main fortress.

The importance of these captures lies in the fact that they curtail the Russian fire in harassing Japanese who may attempt to advance on the trenches located on the slope of Rihlung mountain. This attack seems to have been a surprise for the Russians, the Japanese claiming that they lost only fifty men. Since the capture of the points mentioned the Japanese assert that they have successfully resisted numerous sorties in attempts to recapture them.

## UNDER CHANGED CONDITIONS.

Fighting Will Be Resumed When Fog Disappears.

St. Petersburg, Oct. 21.—Apart from skirmishes and exploits of scouting parties, there is almost a complete suspension of operations in Manchuria. The heavens have interposed to put a stop to bloodshed. Rain, impassable roads and exhausted armies are factors sufficient in effect to cause a cessation of hostilities and these conditions are aggravated by a dense fog overspreading the whole theater of war. Behind this pall either side would be able to change the disposition of whole forces in absolute secrecy; but the obscurity renders absolutely dangerous any attempt at a forward movement. When the curtain of mist is lifted, the fighting may be renewed under totally changed conditions.

Press correspondents at the Russian front record a successful repulse of a night attack on Russian outposts in the early hours of Oct. 19. The Russians pursued the Japanese and captured a gun which, under the cover of the fog fog, they were able to remove.

The wild flight of rumors continues in St. Petersburg, the report of capture of Japanese division or battalion and scores of guns alternating with alarmist stories of General Kuropatkin's retreat on Mukden, all daily untrue. The war office declares that there have been no serious developments since the capture of Lone Tree hill last Sunday and authorizes the Associated Press to deny the report that a Russian battalion had been annihilated in trying to cross the Taitse river. A prominent general said:

"It is absurd to suppose that a battalion was still on the other side of the Taitse river when the whole of the eastern flank had withdrawn sixteen miles north of the river."

As to the stories of General Kuropatkin's retreat, it is sufficient to refer to the energetic scouting behind the Japanese lines to show that the Russian commander is determined to engage the enemy as soon as the weather permits.

The Sixteenth army corps will be the next to start for the front. This corps is stationed at Vitebsky and belongs to the military district of Vilna, which is going out as a part of the Second Manchurian army under the former chief of the Vilna district, General Gripenberg. The corps probably will leave Vilna on Nov. 8 direct for Harbin.

Emperor Nicholas has received no report from General Stoessel, the military commander at Port Arthur, since Oct. 10.

## DISASTER NARROWLY AVERTED.

General Bilderling's Corps Defeated by the Japs.

St. Petersburg, Oct. 21.—A correspondent of the Russky Listok sends to that paper a graphic account of the fighting by General Bilderling's corps on Oct. 12, when the Russian right flank was broken. It now develops that disaster was averted solely by the timely arrival of General Soboleff's Sixth Siberian corps, composed almost entirely of reservists and many regiments of which were experiencing their first taste of actual war. The correspondent telegraphs that General Oku's desperate onslaught forced back General Bilderling and drove in Stakhovich's cavalry, which was guarding Bilderling's right. The situation was most critical, but the Sixth corps, which had been held in reserve, promptly came up and supported Bilderling, and things assumed a brighter aspect. The fighting was exceedingly furious. Two reserve corps of regiments which had never before been under fire bore the brunt of the Japanese advance and obstinately held their ground. The following day the battle was resumed with the fullest intensity. The Japanese threw themselves headlong against the positions of the Sixth and Seventeenth corps. The fighting continued the whole day despite a terrific downpour of rain and a fearful thunderstorm. A Japanese battery dashed out from General Oku's right and opened a deadly fire upon the Russian trenches until the Tenth artillery brigade came into action and in a few minutes dismantled the Japanese guns. A squadron of Japanese cavalry met a similar fate, while charging some Russian infantry. Two other reservist regiments covered themselves with glory by boldly attacking the Japanese and dislodging them from their trenches.

St. Petersburg, Oct. 21.—There is a rumor current here that a large body of armed Colombians has been concentrated near Culebra with the intention of making an attack there on Nov. 2, the first anniversary of the secession of Panama from Colombia. The canal zone authorities are investigating the report, though not much importance is attached to the rumor, the origin of which is attributed to malcontents.

## MURDER IS MORE MYSTERIOUS.

Man Slain at Mentor, Minn., Is Joe Mongeon.

Crookston, Minn., Oct. 21.—The Mentor murder mystery is growing more and more mysterious as time progresses. The man supposed to have been murdered, Phileas Fontaine, was last evening located at Grand Forks, alive and well, in the butcher business, and the authorities immediately brought him to this city to view the remains which were supposed to have been his own. Fontaine, who was a former chum of Joseph Guilmette, the man believed to have committed the murder, identified the remains as those of Joe Mongeon, a Frenchman in good circumstances, whose home is at St. Pierre, Province of Quebec.

Mongeon was seen at East Grand Forks with Joseph Guilmette, his supposed slayer, by Fontaine last Saturday. Monday the pair of men got off the train at Mentor apparently for the purpose of hunting, and late in the afternoon of that day the tragedy occurred. Joe Mongeon is now beyond a doubt the man who was killed. It is thought Guilmette killed Mongeon for his money. No trace of Guilmette can be found.

## WISCONSIN CONTEST CASE.

Voluminous Opinion of State Supreme Court Filed.

Madison, Wis., Oct. 21.—The long delayed majority opinion of the supreme court in the case of the Republican contest was filed during the morning by Judge Marshall. It makes sixty typewritten pages and merely affirms the decision made two weeks ago, quoting authorities voluminously.

## Completes Tour of Indiana.

Louisville, Ky., Oct. 21.—"The Democrats of Indiana seem to be ready to vote now," said William J. Bryan when he concluded his tour of that state at New Albany last night. "I firmly believe that Indiana will return a plurality for Parker and Davis," said Mr. Bryan in opening his speech at New Albany.

## MARINES TO REMAIN

AMERICANS WILL STAY IN PANAMA UNTIL THE DIFFICULTY IS ADJUSTED.

## CONDITIONS NOT VERY GOOD

ISTHMIAN GOVERNMENT LOYAL BUT SOME OF THE PEOPLE ARE DISGRUNTLED.

Washington, Oct. 21.—American marines will be retained on the Isthmus of Panama for the present, prepared to meet any emergency which may arise because of the disgruntled element in the new republic. This decision was reported Thursday and orders have been issued for a new battalion of marines to go to the Isthmus about Nov. 15 to relieve the battalion which has been there for a year. The new battalion will be commanded by Lieutenant Colonel Thomas N. Wood. The exact number of men in this new battalion has not been decided upon but it probably will be about the same size as the battalion now on the Isthmus which is to be brought home and dispersed among the marine barracks in the northern part of the United States.

That the situation on the Isthmus is still not all that could be desired is the news which came to Washington Thursday in a personal letter from an official now in Panama. While the Panama government is entirely loyal, it seems that there are certain disgruntled elements in the Isthmus and in view of the ease with which revolutions are started in Central and South America, it is the official opinion here that the marines should remain there for the present.

It is hoped that the mission of Secretary Taft will have a far reaching effect in bringing all elements on the Isthmus into harmonious accord with this government's policy.

## RECEIVED WITH SATISFACTION.

News That Secretary Taft Will Visit Panama.

Panama, Oct. 21.—The news from Washington that Secretary of War Taft is to come to the Isthmus next month, accompanied by Minister Obaldia and William Nelson Cromwell, counsel of the Panama Canal company, to arrange the matters in controversy between the United States government and Panama and the declarations of President Roosevelt on the subject, are received with satisfaction in all circles. President Amador is in receipt of messages of congratulation from all parts of this republic.

## MAY ATTACK ISTHMIANS.

Large Force of Colombians Reported Near Culebra.

Colon, Oct. 21.—There is a rumor current here that a large body of armed Colombians has been concentrated near Culebra with the intention of making an attack there on Nov. 2, the first anniversary of the secession of Panama from Colombia. The canal zone authorities are investigating the report, though not much importance is attached to the rumor, the origin of which is attributed to malcontents.

## BODY WAS FOUND NEAR THE TRACK

Henry Tikkala is Supposed to Have Been Killed by Freight No. 53 this Morning

## BODY WAS HORRIBLY MANGLED

Man had Worked on the Steel Gang in the N. P. Yards in this City Some Time

This morning shortly after 3 o'clock the body Henry Tikkala, a Finn, was found on the N. P. track just opposite the N. P. hospital in a horribly mangled and battered up condition. He was moved to the hospital a short time afterward where he died.

Coroner Chas. G. Osterlund was summoned about 5 o'clock and after going to the hospital and making an examination ordered the man moved to the morgue of Losey & Dean.

While it is thought at present that the man was killed by a train the circumstances leading up to his death are rather peculiar and are looked upon by some rather suspiciously. He had worked for a long time for John Olson, who has charge of the steel gang in the N. P. yards in this city. Tikkala was paid off with the other employees of the road yesterday and last night he was known to have been with a party of Finns and it is said by some that he was drinking, although this statement is discredited by others as he was always known to be a sober, industrious man.

The fact that Tikkala boarded at Gust River's way down on Norwood street and was near the N. P. Sanitarium at as early an hour as 3 o'clock would indicate that he had evidently been drinking, and was lost or was lured away by some sophisticated fellow who intended and did rob him. The latter theory is problematical, and some think this a feasible conclusion. It is reported that the man had about \$100 on his person yesterday, but when found had nothing.

Tikkala was about thirty two years of age and had a wife and two children living in the old country. He has not been over long, but during his residence here has worked for John Olson off and on.

Coroner Osterlund is investigating the case and further developments may bring out some new facts surrounding his presence across the river at this early hour in the morning and finding of his body on the track later. No. 53 a freight train, went west shortly before the body was found. It is known that this was the train that struck him, for he was in the hospital when the passenger came along this morning. The body was hit near the crossing and was dragged by the engine about half the length of the hospital. One foot was completely taken off and the knee on the other leg was ground to a pulp. Wounds on the head showed that he had been pretty badly pounded.

## FAIRBANKS IN NEW JERSEY.

Republican Candidate Given an Enthusiastic Reception at Newark.

Newark, N. J., Oct. 21.—Senator Fairbanks was given an enthusiastic reception here last night. He was billed to speak twice but he had to make four addresses, and at the conclusion of the last one was escorted across the city between cheering crowds of people.

The senator was billed to speak at the Krueger auditorium and at Harburger's hall, but before the meeting began, the attendance at both places was so great that the police refused to allow any more persons to enter. Governor Murphy presided at the meeting in the auditorium. Owing to the fact that he had to make four addresses instead of two Mr. Fairbanks made only a short speech. He then proceeded to the overflow meeting and addressed it. He was then taken to Harburger's hall, where the scenes were repeated. Senator Fairbanks later addressed an overflow meeting outside the hall.

## JUDGE PARKER BACK HOME.

Democratic Candidate Returns to Esopus From New York City.

New York, Oct. 21.—Judge Parker left New York at 5:30 p. m. Thursday for Esopus. He had dinner at the railway dining room and took the 6:45 o'clock train for Rosemount.

Late Thursday Judge Parker received calls from General Nelson A. Miles and Hoke Smith of Georgia.

Judge Parker arrived at Esopus at 9 p. m. and at once began the preparation of a speech which he will deliver today to a delegation of Hudson county, N. J. Democrats expected to number nearly 2,000 persons.

## FACES FOURTH TRIAL

ANOTHER ATTEMPT TO BE MADE TO CONVICT DR. A. A. AMES OF MINNEAPOLIS.

Minneapolis, Oct. 21.—Thursday night Deputy Sheriff George Loth summoned twenty-five witnesses to appear in the district court Friday for the fourth trial of Dr. A. A. Ames, four times mayor of Minneapolis.

What case the state will move is not known, but the former mayor will be placed on trial in spite of the fact that a jury has for over thirty hours been considering the evidence given in the case where he is charged with accepting a bribe of \$20 from a woman in return for police protection.

The jury which retired Wednesday night has not reached an agreement, and it is not expected that it will, for Thursday afternoon the foreman reported to the court there would not be an agreement if the jurors remained out for a year. He asked to be discharged, but Judge Harrison refused to permit the jury to depart.

It matters not whether the jury which is considering the present case agrees or disagrees, the former mayor will be placed on trial again Friday. If the jury is not discharged it will be necessary for the state to move some one of the other nine indictments, and it is presumed that Judge Kerr, who is the special prosecuting attorney, will call another case, but should the jury be discharged he may see fit to retry the former mayor on the charge which he met at the recent trial.

## BRITISH ARMY CHANGES.

Short Service System Is Practically Abolished.

London, Oct. 21.—The British army council has issued an important order, under which, instead of enlisting three years with the colors, and nine in the reserve, infantry of the line will in future enlist for nine years with the colors and three years in the reserves, thus practically abolishing the short service system. War Secretary Arnold-Forster foreshadowed this change in a speech last July in which he declared that the existing system had proved a failure because so few men volunteered to extend their service with the colors. Some critics, however, declare the existing difficulty of obtaining recruits will be greatly enhanced under the new order.

## A STORY OF GEROME.

The Master Painter, the New Student and a Practical Joke.

A number of years ago a poverty stricken painter, since famous and prosperous, went to Paris from a country village and entered the studio of Gerome at the Ecole des Beaux Arts. The new student's first day chance to be "criticism day," and the older students, finding themselves cheated out of their customary boisterous hazing by this circumstance, resolved to have their fun in an indirect fashion.

Accordingly they took the novice aside and impressed upon him in the most friendly and confidential way imaginable that he was under the obligation of giving a tip to the professor when he criticised his work. Incredulous at first, the callow youth let himself be convinced and promised to do the proper thing. His means were so small that he awaited his turn with an ill concealed anxiety which those in the plot relished keenly. When his turn came he convulsed the room by slipping a half franc piece into the professor's hand.

Gerome was too familiar with the practical jokes of the Beaux Arts not to comprehend the situation and had much ado to keep his countenance. He succeeded, however, and blurted out with the gruffness which he assumed so admirably:

"What does this mean? You'll do well to come to see me some fine morning and straighten this thing out."

The bewildered pupil interpreted the admonition literally and presented himself at Gerome's private studio two days later. Gerome received him like a father, led him on to confess his destitution and to unbend himself of his hopes and fears, gave him good counsel and restored to him his half franc piece in the form of a twenty franc gold piece.

## SOME MYSTERY IN CONNECTION

Bottle Containing Some Papers off Puget Sound Contained Name of Lamontaine

## A FORMER RESIDENT HERE

Is Thought to have Lived with His Family on a Farm Near Gull Lake

Peter Lamontaine, who was a former resident of this county, is supposed to have been murdered, committed suicide or was shipwrecked off Puget sound a short time ago according to the appended. Lamontaine was a farmer and lived with his family near Gull lake. He left for Vancouver a short time ago.

The following is the clipping from the Puget Sound American:

"Whether Peter Lamontaine, formerly a subject of Great Britain, and who made a declaration of his intention to become a citizen of the United States before the court of Crow Wing county, Minnesota, committed suicide or has been the victim of shipwreck or murdered is the question that is mystifying the police, as the result of finding by an employe of the Hackett Cold Storage Company at Commercial Point in a sealed bottle some water-soaked papers bearing Lamontaine's name. The bottle was picked up this morning.

"The only thing in the bottle were a poor tax receipt for \$2 issued at Chateau, Montana, and the certificate of the court of Crow Wing, Minnesota, that the man had made a declaration of his intention to become a citizen of the United States. No one has been able to advance a reason why the articles should have been thrown into the sea and from there to be cast upon the shores of Bellingham Bay.

"Only a few days ago a figurhead and three oars of an unknown ship were washed ashore near Victoria, and shipping men have been at a loss to know from where they came as there was nothing to show the identity of the craft to which they belonged. It is believed that the bottle and its contents belonged to a seaman on board this ship, who wanted his friends or family notified. No other reason has been ascribed so far.

"The papers are the statutory forms required by law and show evidence of having been wet as the lines are blurred and run together, although the writing and printing of the documents are clear and distinct. The citizenship paper was taken out October 19, 1896, before Sam H. Parker, county clerk, of Crow Wing county, Minnesota, while the poor tax receipt was taken out on May 13 of the present year and is signed by John S. Gordon, the county treasurer of Teton county, Montana.

"The case will be investigated and in the meantime the papers are in the possession of the manager of the Hackett Cold Storage Company."

If you must have a suit or overcoat we want to show our elegant line at \$12, \$15, \$18 and \$20. They are the very best.

## Waste Hundreds of Dollars

Mr. Michael Bahreich, 30-32 Johnson St., Tiffin, Ohio, writes: "Three boxes of Gloria Tonic did me more good than hundreds of dollars I previously spent with doctors. I suffered 29 years in misery and torture." Sold by H. P. Duon & Co.

## THE MARQUIS PAID.

Now the Famous Surgeon Velpeau Treated a Free Patient.

The famous surgeon Velpeau was visited one day at his house during the consultation hour by a marquis renowned for his closeness. Velpeau informed the marquis that an operation was urgent and that the fee would amount to 4,000 francs. At this the marquis made a wry face and left. A fortnight later Dr. Velpeau, while making his rounds in the Hospital de la Charite, had his attention attracted by a face that seemed familiar to him. In answer to his inquiry it was stated that the patient was a footman of a nobleman in the Faubourg St. Germain. The surgeon found that his case resembled in every particular the somewhat unusual one for which the marquis had consulted him a fortnight previously. He refrained, however, from making any comments.

Three weeks after the operation, when the patient was about to be discharged, Dr. Velpeau called him aside and exclaimed: "Monsieur, I am extremely flattered and pleased to have been able to cure you. There is, however, a small formality with which you will have to comply before I can sign your exeat—that is, you will have to sign a check for 1,000 francs in behalf of the public charity bureau of your metropolitan district." The patient's face became livid. "You can do what you like about it," continued the doctor, "but if you refuse all Paris will know tomorrow that the Marquis de D. adopted the disguise of a footman in order to secure free treatment at this hospital and to usurp the place which belongs by right to a pauper." Of course the marquis paid.

## Invention of the Steam Engine.

The Marquis of Worcester, while imprisoned in the Tower of London in 1656, invented and constructed the first steam engine of which we have any authentic record and had it publicly exhibited the same year in Vauxhall in successful operation. In 1690 Dr. Papin invented and made a piston, and in 1698 Captain Savary devised and built a steam engine on a slightly modified plan, while in 1705 Newcomb, Cawley and Savary constructed their atmospheric engine complete in every detail. James Watt, who today enjoys the distinction of being the veritable author of this most useful contrivance, did not appear upon the scene until 1765, just sixty years later.—Pearson's Weekly.

## Cobweb Pills.

Andrew Wilson, the well known naturalist and writer, in commenting on Culpepper's "Complete Method," published in 1652, shows how this enabled a man to "cure himself, being sick, for threepence charge, with such things as grow in England, they being most fit for English bodies." "John Wesley practiced music," Wilson continues. "His system was not strictly limited to vegetable simples. Wesley prescribed boiled carrots as an exclusive diet for a fortnight for the cure of asthma and recommended baldheaded people to wash their vacant spots with a decoction of boxwood. For bleeding from the lungs or stomach the juice of nettles is ordered and for an ague six pills of middling size of cobwebs." 1174

## BODY WAS FOUND NEAR THE TRACK

Henry Tikkala is Supposed to Have  
Been Killed by Freight No.  
53 this Morning

## BODY WAS HORRIBLY MANGLED

Man had Worked on the Steel  
Gang in the N. P. Yards in  
this City Some Time

This morning shortly after 3 o'clock the body Henry Tikkala, a Finn, was found on the N. P. track just opposite the N. P. hospital in a horribly mangled and battered up condition. He was moved to the hospital a short time afterward where he died.

Coroner Chas. G. Osterlund was summoned about 5 o'clock and after going to the hospital and making an examination ordered the man moved to the morgue of Losey & Dean.

While it is thought at present that the man was killed by a train the circumstances leading up to his death are rather peculiar and are looked upon by some rather suspiciously. He had worked for a long time for John Olson, who has charge of the steel gang in the N. P. yards in this city. Tikkala was paid off with the other employees of the road yesterday and last night he was known to have been with a party of Finns and it is said by some that he was drinking, although this statement is discredited by others as he was always known to be a sober, industrious man.

The fact that Tikkala boarded at Gust River's way down on Norwood street and was near the N. P. Sanitarium at as early an hour as 3 o'clock would indicate that he had evidently been drinking, and was lost or was lured away by some sophisticated fellow who intended and did rob him. The latter theory is problematical, and some think this a feasible conclusion. It is reported that the man had about \$100 on his person yesterday, but when found had nothing. Tikkala was about thirty-two years of age and had a wife and two children living in the old country. He has not been over long, but during his residence here has worked for John Olson off and on.

Coroner Osterlund is investigating the case and further developments may bring out some new facts surrounding his presence across the river at this early hour in the morning and finding of his body on the track later. No. 53 a freight train, went west shortly before the body was found. It is known that this was the train that struck him, for he was in the hospital when the passenger came along this morning. The body was hit near the crossing and was dragged by the engine about half the length of the hospital. One foot was completely taken off and the knee on the other leg was ground to a pulp. Wounds on the head showed that he had been pretty badly pounded.

## FAIRBANKS IN NEW JERSEY.

Republican Candidate Given an Enthusiastic Reception at Newark.

Newark, N. J., Oct. 21.—Senator Fairbanks was given an enthusiastic reception here last night. He was billed to speak twice but he had to make four addresses, and at the conclusion of the last one was escorted across the city between cheering crowds of people.

The senator was billed to speak at the Kreuger auditorium and at Harburger's hall, but before the meeting began, the attendance at both places was so great that the police refused to allow any more persons to enter. Governor Murphy presided at the meeting in the auditorium. Owing to the fact that he had to make four addresses instead of two Mr. Fairbanks made only a short speech. He then proceeded to the overflow meeting and addressed it. He was then taken to Harburger's hall, where the scenes were repeated. Senator Fairbanks later addressed an overflow meeting outside the hall.

New York, Oct. 21.—Judge Parker left New York at 5:30 p. m. Thursday for Esopus. He had dinner at the railway dining room and took the 6:45 o'clock train for Rosemount.

Late Thursday Judge Parker received calls from General Nelson A. Miles and Hoke Smith of Georgia.

Judge Parker arrived at Esopus at 9 p. m. and at once began the preparation of a speech which he will deliver today to a delegation of Hudson county, N. J., Democrats expected to number nearly 2,000 persons.

## FACES FOURTH TRIAL

ANOTHER ATTEMPT TO BE MADE  
TO CONVICT DR. A. A. AMES  
OF MINNEAPOLIS.

Minneapolis, Oct. 21.—Thursday night Deputy Sheriff George Loth summoned twenty-five witnesses to appear in the district court Friday for the fourth trial of Dr. A. A. Ames, four times mayor of Minneapolis.

What case the state will move is not known, but the former mayor will be placed on trial in spite of the fact that a jury has for over thirty hours been considering the evidence given in the case where he is charged with accepting a bribe of \$20 from a woman in return for police protection.

The jury which retired Wednesday night has not reached an agreement, and it is not expected that it will, for Thursday afternoon the foreman reported to the court there would not be an agreement if the jurors remained out for a year. He asked to be discharged, but Judge Harrison refused to permit the jury to depart.

It matters not whether the jury which is considering the present case agrees or disagrees, the former mayor will be placed on trial again Friday. If the jury is not discharged it will be necessary for the state to move some one of the other nine indictments, and it is presumed that Judge Kerr, who is the special prosecuting attorney, will call another case, but should the jury be discharged he may see fit to retry the former mayor on the charge which he met at the recent trial.

## BRITISH ARMY CHANGES.

Short Service System Is Practically Abolished.

London, Oct. 21.—The British army council has issued an important order, under which, instead of enlisting three years with the colors, and nine in the reserve, infantry of the line will in future enlist for nine years with the colors and three years in the reserves, thus practically abolishing the short service system. War Secretary Arnold-Forster foreshadowed this change in a speech last July in which he declared that the existing system had proved a failure because so few men volunteered to extend their service with the colors. Some critics, however, declare the existing difficulty of obtaining recruits will be greatly enhanced under the new order.

## A STORY OF GEROME.

The Master Painter, the New Student and a Practical Joke.

A number of years ago a poverty stricken painter, since famous and prosperous, went to Paris from a country village and entered the studio of Gerome at the Ecole des Beaux Arts. The new student's first day chanced to be "criticism day," and the older students, finding themselves cheated out of their customary boisterous hazing by this circumstance, resolved to have their fun in an indirect fashion.

Accordingly they took the novice aside and impressed upon him in the most friendly and confidential way imaginable that he was under the obligation of giving a tip to the professor when he criticised his work. Incredulous at first, the callow youth let himself be convinced and promised to do the proper thing. His means were so small that he awaited his turn with an ill concealed anxiety which those in the plot relished keenly. When his turn came he convulsed the room by slipping a half franc piece into the professor's hand.

Gerome was too familiar with the practical jokes of the Beaux Arts not to comprehend the situation and had much ado to keep his countenance. He succeeded, however, and blurted out with the gruffness which he assumed so admirably:

"What does this mean? You'll do well to come to see me some fine morning and straighten this thing out."

The bewildered pupil interpreted the admonition literally and presented himself at Gerome's private studio two days later. Gerome received him like a father, led him on to confess his destitution and to unburden himself of his hopes and fears, gave him good counsel and restored to him his half franc piece in the form of a twenty franc gold piece.

## SOME MYSTERY IN CONNECTION

Bottle Containing Some Papers  
off Puget Sound Contained  
Name of Lamontaine

## A FORMER RESIDENT HERE

Is Thought to have Lived with His  
Family on a Farm Near Gull  
Lake

Peter Lamontaine, who was a former resident of this county, is supposed to have been murdered, committed suicide or was shipwrecked off Puget sound a short time ago according to the appended. Lamontaine was a farmer and lived with his family near Gull lake. He left for Vancouver a short time ago.

The following is the clipping from the Puget Sound American:

"Whether Peter Lamontaine, formerly a subject of Great Britain, and who made a declaration of his intention to become a citizen of the United States before the court of Crow Wing county, Minnesota, committed suicide or has been the victim of shipwreck or murdered is the question that is mystifying the police, as the result of finding by an employee of the Hackett Cold Storage Company at Commercial Point in a sealed bottle some water-soaked papers bearing Lamontaine's name. The bottle was picked up this morning.

"The only thing in the bottle were a poor tax receipt for \$2 issued at Chateau, Montana, and the certificate of the court of Crow Wing, Minnesota, that the man had made a declaration of his intention to become a citizen of the United States. No one has been able to advance a reason why the articles should have been thrown into the sea and from there to be cast upon the shores of Bellingham Bay.

"Only a few days ago a figurhead and three oars of an unknown ship were washed ashore near Victoria, and shipping men have been at a loss to know from where they came as there was nothing to show the identity of the craft to which they belonged. It is believed that the bottle and its contents belonged to a seaman on board this ship, who wanted his friends or family notified. No other reason has been ascribed so far.

"The papers are the statutory forms required by law and show evidence of having been wet as the lines are blurred and run together, although the writing and printing of the documents are clear and distinct. The citizenship paper was taken out October 19, 1896, before Sam H. Parker, county clerk, of Crow Wing county, Minnesota, while the poor tax receipt was taken out on May 13 of the present year and is signed by John S. Gordon, the county treasurer of Teton county, Montana.

"The case will be investigated and in the meantime the papers are in the possession of the manager of the Hackett Cold Storage Company."

If you must have a suit or overcoat we want to show our elegant line at \$12, \$15, \$18 and \$20. They are the very best.

How the Famous Surgeon Velpeau Treated a Free Patient.

The famous surgeon Velpeau was visited one day at his house during the consultation hour by a marquis renowned for his closeness. ## FACES FOURTH TRIAL

ANOTHER ATTEMPT TO BE MADE TO CONVICT DR. A. A. AMES OF MINNEAPOLIS.

Minneapolis, Oct. 21.—Thursday night Deputy Sheriff George Loth summoned twenty-five witnesses to appear in the district court Friday for the fourth trial of Dr. A. A. Ames, four times mayor of Minneapolis.

What case the state will move is not known, but the former mayor will be placed on trial in spite of the fact that a jury has for over thirty hours been considering the evidence given in the case where he is charged with accepting a bribe of \$20 from a woman in return for police protection.

The jury which retired Wednesday night has not reached an agreement, and it is not expected that it will, for Thursday afternoon the foreman reported to the court there would not be an agreement if the jurors remained out for a year. He asked to be discharged, but Judge Harrison refused to permit the jury to depart.

It matters not whether the jury which is considering the present case agrees or disagrees, the former mayor will be placed on trial again Friday. If the jury is not discharged it will be necessary for the state to move some one of the other nine indictments, and it is presumed that Judge Kerr, who is the special prosecuting attorney, will call another case, but should the jury be discharged he may see fit to retry the former mayor on the charge which he met at the recent trial.

## BRITISH ARMY CHANGES.

Short Service System Is Practically Abolished.

London, Oct. 21.—The British army council has issued an important order, under which, instead of enlisting three years with the colors, and nine in the reserve, infantry of the line will in future enlist for nine years with the colors and three years in the reserves, thus practically abolishing the short service system. War Secretary Arnold-Forster foreshadowed this change in a speech last July in which he declared that the existing system had proved a failure because so few men volunteered to extend their service with the colors. Some critics, however, declare the existing difficulty of obtaining recruits will be greatly enhanced under the new order.

## A STORY OF GEROME.

The Master Painter, the New Student and a Practical Joke.

A number of years ago a poverty stricken painter, since famous and prosperous, went to Paris from a country village and entered the studio of Gerome at the Ecole des Beaux Arts. The new student's first day chanced to be "criticism day," and the older students, finding themselves cheated out of their customary boisterous hazing by this circumstance, resolved to have their fun in an indirect fashion.

Accordingly they took the novice aside and impressed upon him in the most friendly and confidential way imaginable that he was under the obligation of giving a tip to the professor when he criticised his work. Incredulous at first, the callow youth let himself be convinced and promised to do the proper thing. His means were so small that he awaited his turn with an ill concealed anxiety which those in the plot relished keenly. When his turn came he convulsed the room by slipping a half franc piece into the professor's hand.

Gerome was too familiar with the practical jokes of the Beaux Arts not to comprehend the situation and had much ado to keep his countenance. He succeeded, however, and blurted out with the gruffness which he assumed so admirably:

"What does this mean? You'll do well to come to see me some fine morning and straighten this thing out."

The bewildered pupil interpreted the admonition literally and presented himself at Gerome's private studio two days later. Gerome received him like a father, led him on to confess his destitution and to unburden himself of his hopes and fears, gave him good counsel and restored to him his half franc piece in the form of a twenty franc gold piece.

## SOME MYSTERY IN CONNECTION

Bottle Containing Some Papers off Puget Sound Contained Name of Lamontaine

## A FORMER RESIDENT HERE

Is Thought to have Lived with His Family on a Farm Near Gull Lake

Peter Lamontaine, who was a former resident of this county, is supposed to have been murdered, committed suicide or was shipwrecked off Puget sound a short time ago according to the appended. Lamontaine was a farmer and lived with his family near Gull lake. He left for Vancouver a short time ago.

The following is the clipping from the Puget Sound American:

"Whether Peter Lamontaine, formerly a subject of Great Britain, and who made a declaration of his intention to become a citizen of the United States before the court of Crow Wing county, Minnesota, committed suicide or has been the victim of shipwreck or murdered is the question that is mystifying the police, as the result of finding by an employe of the Hackett Cold Storage Company at Commercial Point in a sealed bottle some water-soaked papers bearing Lamontaine's name. The bottle was picked up this morning.

"The only thing in the bottle were a poor tax receipt for \$2 issued at Chateau, Montana, and the certificate of the court of Crow Wing, Minnesota, that the man had made a declaration of his intention to become a citizen of the United States. No one has been able to advance a reason why the articles should have been thrown into the sea and from there to be cast upon the shores of Bellingham Bay.

"Only a few days ago a figurhead and three oars of an unknown ship were washed ashore near Victoria, and shipping men have been at a loss to know from where they came as there was nothing to show the identity of the craft to which they belonged. It is believed that the bottle and its contents belonged to a seaman on board this ship, who wanted his friends or family notified. No other reason has been ascribed so far.

"The papers are the statutory forms required by law and show evidence of having been wet as the lines are blurred and run together, although the writing and printing of the documents are clear and distinct. The citizenship paper was taken out October 19, 1896, before Sam H. Parker, county clerk, of Crow Wing county, Minnesota, while the poor tax receipt was taken out on May 13 of the present year and is signed by John S. Gordon, the county treasurer of Teton county, Montana.

"The case will be investigated and in the meantime the papers are in the possession of the manager of the Hackett Cold Storage Company."

If you must have a suit or overcoat we want to show our elegant line at \$12, \$15, \$18 and \$20. They are the very best.

## THE MARQUIS PAID.

How the Famous Surgeon Velpeau Treated a Free Patient.

The famous surgeon Velpeau was visited one day at his house during the consultation hour by a marquis renowned for his closeness. Velpeau informed the marquis that an operation was urgent and that the fee would amount to 4,000 francs. At this the marquis made a wry face and left. A fortnight later Dr. Velpeau, while making his rounds in the Hospital de la Charite, had his attention attracted by a face that seemed familiar to him. In answer to his inquiry it was stated that the patient was a footman of a nobleman in the Faubourg St. Germain. The surgeon found that his case resembled in every particular the somewhat unusual one for which the marquis had consulted him a fortnight previously. He refrained, however, from making any comments.

Three weeks after the operation, when the patient was about to be discharged, Dr. Velpeau called him aside and exclaimed: "Monsieur, I am extremely flattered and pleased to have been able to cure you. There is, however, a small formality with which you will have to comply before I can sign your exeat—that is, you will have to sign a check for 1,000 francs in behalf of the public charity bureau of your metropolitan district." The patient's face became livid. "You can do what you like about it," continued the doctor, "but if you refuse all Paris will know tomorrow that the Marquis de D. adopted the disguise of a footman in order to secure free treatment at this hospital and to usurp the place which belongs by right to a pauper." Of course the marquis paid.

### MURDERED IN

### COLD BLOOD

Details of Shooting of Mel Walker at Crookston, Col., Given By His Brothers.

### THE SLAYER HAD OLD GRUDGE

Was Shot at His Own Home by George Neal Following the Evening Meal

C. A. and Frank Walker returned to the city last evening from Crookston, Col., where they were called on account of the murder of their brother, Mel Walker.

They got there in time for the funeral which was held at Gunnison, Col., and where the deceased was buried. Mr. Walker stated that his brother was murdered in cold blood by a man by the name of George Neal. It is thought that the shooting was the outcome of a grudge which Neal thought he had against the dead man and which was of long standing. It seems that when Mr. Walker, the deceased, lived at Gunnison he was called upon one day by the village marshal, to assist in the arrest of Neal and another man, who were shooting in an alley and raising a disturbance back of Mr. Walker's butcher shop. It fell to Mel Walker to take Neal to jail and the marshal took the other man. As they were walking to the jail Neal whispered into Mr. Walker's ear, "I will get even with you some day", and the likelihood is that he carried the revenge which he gave vent to on that day for many years.

Walker finally moved to Crookston and went on a ranch. Neal also moved to the same place and worked for a man who ran a ranch next to Walker's.

On the evening of the shooting Neal left his employer's home and went to the Walker's home, where the postoffice was located to mail a letter. Mr. Walker and his men were in the dining room and had just finished their evening meal. Neal walked in laid the letter down on the desk where the little post-office was and walked out, refusing to take a chair at Mr. Walker's request. Mr. Walker noticed that Neal did not greet him very cordially and he got up and walked out on the porch of the house as Neal was passing out. He wanted to know of Neal if there was anything the matter and if there was that there was no better time to settle it than right then.

In another instant Neal pulled a gun and fired, killing Mr. Walker within three feet of his own door. The bullet hit him just over the eye and passed through the head, killing him instantly.

Neal vanished in the darkness, went back to his employer's, left the horse and flew from the country. The officials have not been able to find a trace of him since and it is not thought that they ever will.

The deceased leaves a wife, but no children. The remains were interred at Gunnison, the old home of the deceased. Besides C. A. and Frank Walker, G. M. Walker, another brother, was present at the funeral. G. M. Walker returned to Brainerd with his brothers and will visit here for a short time.

**IMPLICATES CABINET OFFICER.** Alleged Canadian Ballot Box Stuffer Confesses.

Sault Ste. Marie, Mich., Oct. 21.—P. J. Galvin, an employment agent in the Michigan Soo, who was charged with complicity in election frauds at the recent election of C. N. Smith, Liberal candidate for the Ontario legislature, has made a confession, implicating among others a member of the Liberal cabinet.

The confession, which was read in court, described in detail the famous trip of the steamer Minnie M. carrying a load of Americans to Michipicoten, where the entire number was voted in the different polling places, impersonating citizens who were on the registration rolls but who were absent from the district.

**NEW INSPECTORS APPOINTED.** Will Succeed Those Dismissed Because of Slocum Disaster.

Washington, Oct. 21.—Captain Henry M. Seelye of Boston Thursday was appointed inspector of hulls, and Theodore E. Mesereau inspector of boilers in the steamboat inspection service to serve at New York. These appointments are one of the results of the conclusions of the Slocum commission, the appointees taking the places of Messrs. J. A. Dumont, inspector of hulls, and Thomas H. Barrett, inspector of boilers, whose removal from service for laxity and neglect in performing their duties has been recommended by President Roosevelt.

### Announcement.

Brainerd, Minn., Oct. 18, 1904. To the people of Brainerd.

I hereby announce myself as a candidate for the republican nomination for mayor. If elected I shall perform the duties of the office to the best of my ability. I shall endeavor to have the entire affairs of the city conducted in a business-like way which will be to the advantage of all our people.

Respectfully yours, P. M. ZAKARIASEN.

### CAN'T KEEP IT UP.

Can't Deceive Brainerd People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far away place but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Mrs. Moses Derocher of 807, 7th street south says: "Low down in the small part of my back there was a pain very distressing by spells becoming much worse and causing me discomfort to say the least. My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicine which I used failed to help me but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely and corrected a disorder of the kidneys which accompanied the backache." Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no substitute.

### Natural Cure For Rheumatism.

There is a wonderful grotto at Monsummano, Italy, called the Grotto Giusti, where the natural vapor is stated to be an infallible cure for rheumatism. Fifty years ago some workmen were quarrying for lime when they discovered the grotto, and its healing powers were first made known some little time later. In the lowest portion, appropriately named the Inferno, the temperature is about 95 degrees F., and here the victims from rheumatism sit and perspire for an hour at a time. Such a vapor bath is said to be of much greater service than a Turkish bath.

### No Premeditation.

### DECLARES INDIANS HAVE BEEN ROBBED

Major Scott, of Leech Lake. Makes His Annual Report to Commissioner

### USES SOME STRONG LANGUAGE

Says that Sale of Liquor to Indians Continues in Some of the Smaller Towns

Major Scott, agent at Leech Lake, uses strong language in commenting on the state's selection of swamp lands in ceded Indian reservations in his annual report to the commissioner of Indian affairs.

"A claim was made by the state and allowed by the department, of swamp lands within ceded Indian territory in the state," he says. "In selecting these lands the state claimed lands heavily timbered with pine and the same were withdrawn from sale when pine on adjacent tracts was sold. In behalf of the Indians, I protest against what I believe to be an unlawful and unjust disposition of their property and the matter is now being carefully investigated by the land department and patents will not be issued until the matter is adjusted. If the state is entitled to swamp lands it should be restricted to that class of land. To take land which is not swamp now and never has been, and give it the state, after the same has by treaty been guaranteed to the Indian, is taking his property from him without compensation and giving it to the state, which is unjust, unfair and unconstitutional.

"If the state owns the swamps, let it take them, but there is no justice in enriching the state at the expense of the Indians by bestowing upon it property which has been guaranteed by the government to the Indian and which the state claims only by virtue of field notes of a survey fraudulently and inaccurately made and wholly unreliable."

Major Scott says the unlawful sale of liquor to Indians continues in small towns adjacent to Indian reservations, but it is hard to get convictions because of local sentiment which fears the withdrawal of village revenue derived from liquor interests. He urges payment to Indians for lands included in the Minnesota forest reserve, a renewal of last year's recommendation.

Receipts from sales of pine timber under Morris act, aggregated \$252,373 and from sale of "down" timber on Red Lake reservation, \$35,208.

### Natural Cure For Rheumatism.

There is a wonderful grotto at Monsummano, Italy, called the Grotto Glisti, where the natural vapor is stated to be an infallible cure for rheumatism. Fifty years ago some workmen were quarrying for lime when they discovered the grotto, and its healing powers were first made known some little time later. In the lowest portion, appropriately named the Inferno, the temperature is about 95 degrees F., and here the victims from rheumatism sit and perspire for an hour at a time. Such a vapor bath is said to be of much greater service than a Turkish bath.

### CAN'T KEEP IT UP.

Can't Deceive Brainerd People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled, another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far away place but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Mrs. Moses Derocher of 807, 7th street south says: "Low down in the small part of my back there was a pain very distressing by spells becoming much worse and causing me discomfort to say the least. My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicine which I used failed to help me but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely and corrected a disorder of the kidneys which accompanied the backache."

Sold for 50 cents a box by H. P. Dunn & Co. and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

### MURDERED IN

### COLD BLOOD

Details of Shooting of Mel Walker at Crookston, Col., Given By His Brothers.

### THE SLAYER HAD OLD GRUDGE

Was Shot at His Own Home by George Neal Following the Evening Meal

C. A. and Frank Walker returned to the city last evening from Crookston, Col., where they were called on account of the murder of their brother, Mel Walker.

They got there in time for the funeral which was held at Gunnison, Col., and where the deceased was buried. Mr. Walker stated that his brother was murdered in cold blood by a man by the name of George Neal. It is thought that the shooting was the outcome of a grudge which Neal thought he had against the dead man and which was of long standing. It seems that when Mr. Walker, the deceased, lived at Gunnison he was called upon one day by the village marshal, to assist in the arrest of Neal and another man, who were shooting in an alley and raising a disturbance back of Mr. Walker's butcher shop. It fell to Mel Walker to take Neal to jail and the marshal took the other man. As they were walking to the jail Neal whispered into Mr. Walker's ear, "I will get even with you some day", and the likelihood is that he carried the revenge which he gave vent to on that day for many years.

Walker finally moved to Crookston and went on a ranch. Neal also moved to the same place and worked for a man who ran a ranch next to Walker's.

On the evening of the shooting Neal left his employer's home and went to the Walker's home, where the postoffice was located to mail a letter. Mr. Walker and his men were in the dining room and had just finished their evening meal. Neal walked in laid the letter down on the desk where the little post-office was and walked out, refusing to take a chair at Mr. Walker's request. Mr. Walker noticed that Neal did not greet him very cordially and he got up and walked out on the porch of the house as Neal was passing out. He wanted to know of Neal if there was anything the matter and if there was that there was no better time to settle it than right then.

In another instant Neal pulled a gun and fired, killing Mr. Walker within three feet of his own door. The bullet hit him just over the eye and passed through the head, killing him instantly.

Neal vanished in the darkness, went back to his employer's, left the horse and flew from the country. The officials have not been able to find a trace of him since and it is not thought that they ever will.

The deceased leaves a wife, but no children. The remains were interred at Gunnison, the old home of the deceased. Besides C. A. and Frank Walker, G. M. Walker, another brother, was present at the funeral. G. M. Walker returned to Brainerd with his brothers and will visit here for a short time.

Sault Ste. Marie, Mich., Oct. 21.—P. J. Galvin, an employment agent in the Michigan Soo, who was charged with complicity in election frauds at the recent election of C. N. Smith, Liberal candidate for the Ontario legislature, has made a confession, implicating among others a member of the Liberal cabinet.

The confession, which was read in court, described in detail the famous trip of the steamer Minnie M., carrying a load of Americans to Michipicoten, where the entire number was voted in the different polling places, impersonating citizens who were on the registration rolls but who were absent from the district.

### NEW INSPECTORS APPOINTED.

Will Succeed Those Dismissed Because of Slocum Disaster.

Washington, Oct. 21.—Captain Henry M. Seeley of Boston Thursday was appointed inspector of hulls, and Theodore E. ### DECLARES INDIANS HAVE BEEN ROBBED

Major Scott, of Leech Lake. Makes His Annual Report to Commissioner

### USES SOME STRONG LANGUAGE

Says that Sale of Liquor to Indians Continues in Some of the Smaller Towns

Major Scott, agent at Leech Lake, uses strong language in commenting on the state's selection of swamp lands in ceded Indian reservations in his annual report to the commissioner of Indian affairs.

"A claim was made by the state and allowed by the department, of swamp lands within ceded Indian territory in the state," he says. "In selecting these lands the state claimed lands heavily timbered with pine and the same were withdrawn from sale when pine on adjacent tracts was sold. In behalf of the Indians, I protest against what I believe to be an unlawful and unjust disposition of their property and the matter is now being carefully investigated by the land department and patents will not be issued until the matter is adjusted. If the state is entitled to swamp lands it should be restricted to that class of land. To take land which is not swamp now and never has been, and give it the state, after the same has by treaty been guaranteed to the Indian, is taking his property from him without compensation and giving it to the state, which is unjust, unfair and unconstitutional.

"If the state owns the swamps, let it take them, but there is no justice in enriching the state at the expense of the Indians by bestowing upon it property which has been guaranteed by the government to the Indian and which the state claims only by virtue of field notes of a survey fraudulently and inaccurately made and wholly unreliable."

Major Scott says the unlawful sale of liquor to Indians continues in small towns adjacent to Indian reservations, but it is hard to get convictions because of local sentiment which fears the withdrawal of village revenue derived from liquor interests. He urges payment to Indians for lands included in the Minnesota forest reserve, a renewal of last year's recommendation.

Receipts from sales of pine timber under Morris act, aggregated \$252,373 and from sale of "down" timber on Red Lake reservation, \$35,208.

### The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:

1st—The shortest line.

2nd—The most comfortable route.

3rd—Two fine through trains direct to the gates of the fair.

4th—A saving of about three hours in time.

5th—You avoid the crowds at the union depot and on the street cars.

6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

For excursion tickets, berth reservations and a complete guide to the fair, free, address A. B. Cutts, G. P. & T. A., Minneapolis, Minn.

### Opens Studio.

As I have opened a studio in the Mahlum block, I will be pleased to arrange for lessons with my former, and any new pupils who desire to study piano music—Leschetizky method. Terms, \$1.00 for hour lessons.

## ADOPTS COMPROMISE

EPISCOPAL HOUSE OF DEPUTIES PASSES RESOLUTION ON DIVORCE QUESTION.

PROPOSED RULE STRINGENT

MAY PRACTICALLY ABOLISH REMARRIAGE OF DIVORCEES BY THE CHURCH.

Boston, Oct. 21.—By an overwhelming majority a compromise canon on the remarriage of divorced persons was adopted by the house of deputies of the Episcopal general convention Thursday and if it is concurred in by the house of bishops the most important issue has come before the present convention will be disposed of for three years at least. The compromise, like the old law, permits the remarriage of the innocent persons in a divorce for infidelity, but further provides that no remarriage shall be allowed within one year after decree has been issued by a civil court. Satisfactory proof of the innocence of the applicant for remarriage must be furnished in the shape of court records, and after the consent of the bishop is obtained, a clergyman may refuse to perform such a ceremony without subjecting himself to censure or discipline.

The canon just adopted is so strict that if endorsed by the house of bishops it will, in the opinion of many, practically put the church out of the divorce business. Some delegates, however, claim to see loopholes in the canon.

The vote on the passage stood: Clerical, 52 dioceses for; 7 against; 2 divided; lay vote, 46 dioceses for, 5 against and 2 divided.

CONGREGATIONALISTS ADJOURN.

Important Session of the Council at Des Moines Ended.

Des Moines, Ia., Oct. 21.—The national Congregational council was adjourned Thursday by Moderator Washington Gladden after two strong addresses, one by himself interpreting the significance of the council as related to the future of Congregationalism, and another by President Cyrus C. Northrop of the University of Minnesota. The delegates were carried by special train to St. Louis to hold services at the exposition Friday.

The council is declared to be the most important in the history of the church because of at least two important actions—the adoption of plans for church federation with the Methodist Protestant and the United Brethren churches and for the enlargement of the duties of the moderator.

The committee appointed to consider the divorce question recommended that a committee of five be appointed to study the question for a period of three years and to report at the next annual meeting of the council.

The council refused to draw the color line by adding the word "colored" after the name of negro churches.

CUBAN CONGRESS ADJOURNS.

After Having Spent Seven Months in Fruitless Sitzings.

Havana, Oct. 21.—After seven months of fruitless sittings the session of the Cuban congress closed last night. The fight in the house over seats continued throughout the session and resulted in the seating of nearly all the Moderate coalition contestants. The Nationalists, however, succeeded nearly always in breaking quorums because the Moderate majority were rarely able to master their full membership. Whether any act of the session can be construed as legal will shortly be determined by the supreme court in an action which is pending to test the constitutionality of the law prohibiting the exportation of palm bark which is used in the United States as well as in Cuba for packing tobacco.

TWO CHILDREN SUFFOCATED.

Mother of the Little Ones Burned in Trying to Save Them.

Milwaukee, Oct. 21.—Clarence and Edward Schinner, aged respectively four and two and a half years, were suffocated by smoke in a clothes closet in the garret of their home, 738 Franklin street, last evening. The mother of the children sustained severe burns while attempting to rescue the kids. It is presumed that the children were playing with matches and that the fire resulted from carelessness. When the flames began to spread the children went into the closet, closed the door and were soon suffocated. The pecuniary loss was small.

IOWA BANKER SUICIDES.

Despondent Over Loss of Money in Failed Institution.

Davenport, Ia., Oct. 21.—William Schwarting, president of the Farmers' bank at Walcott, committed suicide Thursday by hanging. He is said to have been despondent over the loss of money in connection with the failure of a bank at New Liberty. As a consequence of the failure of the New Liberty bank, charges have been preferred against the Beuthiens, father and son.

Minnesota Charter Revoked.

Washington, Oct. 21.—The supreme commandery of the Knights of Malta, at its meeting here Thursday, revoked the charter of the Minnesota commandery of that order. The reason given was that the membership of the Minnesota branch was inadequate, there being less than 100 members in the whole state.

Retired Naval Officer Dead.

New York, Oct. 21.—Word has been received here of the death Thursday of Captain Edward N. Whitehouse, U. S. N., at Varenna, Lake Como, Italy. Captain Whitehouse was a paymaster in the navy and the second son of Bishop Whitehouse of Illinois.

MEDICAL MAN SUICIDES.

Jumps From a Hospital Window and is Killed.

Philadelphia, Oct. 21.—Suffering from acute nervous disorders, Dr. George H. Purviance of Washington, D. C., assistant surgeon general of the marine hospital service, jumped from the fourth story window of the orthopaedic hospital here at night and was instantly killed. He was about sixty-three years old and came to the hospital Aug. 8 to be treated for neurasthenia and general breakdown.

A nurse saw the doctor open a window on the fourth floor, and step out on a small balcony. She followed quickly and grasped the doctor on the shoulder as he was climbing over the balcony rail. He tried to free himself and then caught the nurse about the waist and was slowly dragging her over the rail when she managed to break his hold. Before she could again seize him the invalid plunged head-first into an airway below the sidewalk. He was dead when picked up.

FOUND NEAR MISERY BAY.

Empty Rowboat With Suicide's Body as an Anchor.

Erie, Pa., Oct. 21.—A rowboat Thursday was found in the harbor near Misery bay, containing only a coat to which was tied the following note, written on the back of an old envelope:

"Fred Thompson: You will find me at the other end of this line."

The line was fastened to one of the oarlocks and when pulled in Louis E. Thompson's body was dangling from the other end. The deceased was thirty-five years old, unmarried and a son of the late Captain E. L. Thompson of the tug Erie, and a brother of the man to whom the note was addressed.

Despondency over his father's death caused Thompson's act.

CHICAGO TURFMAN ROBBED.

"Mont" Tennes Held Up on a Crowded Street.

Chicago, Oct. 21.—"Mont" Tennes, the well known turfman and bookmaker of this city, was held up last night at the intersection of Belden avenue and Lincoln avenue, while both streets were filled with passers-by, and robbed of \$700 in money, and diamonds valued at \$1,500. Tennes, who was returning from the Worth racetrack, was on his way home when he was overtaken by three men, one of whom placed a revolver to his head, and another put a similar weapon against his side. They compelled him to cross the street to a vacant lot, and climb the fence. Once behind the fence, they threw Tennes to the ground and took all his money and diamonds and escaped.

Mail Steamer Overdue.

Havana, Oct. 21.—Up to 7 o'clock Thursday night no news had been received of the Spanish royal mail steamer Buenos Aires, which left New York Oct. 13, and is now four days overdue at this port.

RUSSIANS REPULSE ATTACK.

Capture a Japanese Gun During a Cense Fog.

With the Russian Position at the Village of Hanshan, Ten Miles South of Mukden, Oct. 21.—All was quiet Thursday on the western front. There were isolated discharges of artillery in the early hours of the day, but later quiet prevailed.

There was a sudden attack by the Japanese at 3:25 o'clock Wednesday afternoon at the Russian advanced position southwest of Mukden. Colonel Musnitsky promptly sent out three companies to make a counter attack and the Japanese quickly fell back, having sustained severe losses. The Russian casualties were 3 killed and 11 wounded. The Japanese were pressed so hard that they were obliged to abandon a gun bearing the number 583; but the breech block was removed. The timber contained 48 rounds of ammunition. Thanks to the dense fog prevailing at the time the Russians were able to remove the gun without the loss of a single man.

RACE RIOT IN INDIANA.

Italians and Negroes Engage in Fatal Fight.

Lawrenceburg, Ind., Oct. 21.—During a race riot Thursday between negroes and Italians employed at the Oliver construction camp near here, Lewis Hughes, colored, of Fairfield, Ky., was shot twice in the head; John Willis, colored, of Louisville, Ky., was shot in the right leg and abdomen and others received minor injuries. Hughes is fatally wounded.

Sheriff Axby was notified and returned to the city with five negroes and three Italians. The Italians claim that the negroes held them at the point of revolvers and robbed them of their savings. Twenty of the participants escaped and bloodhounds have been put on their trail.

# CALUMET Baking Powder

Food prepared with Calumet Baking Powder is pure and healthful, and is free from Rochelle salts, alum, lime and ammonia. A wonderful powder of unequalled strength.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

Is the St. Louis Fair a real World's Fair?

Yes, more so than any other Exposition ever held.

Why?

Because 50 different nations (to say nothing of 44 of our own States) will be represented; because the St. Louis Fair is twice as big and cost nearly three times as much as the Columbian Exposition; because it represents the latest triumphs of civilization.

About getting there?

### RUSSIANS REPULSE ATTACK.

Capture a Japanese Gun During a Cense Fog.

With the Russian Position at the Village of Haansan, Ten Miles South of Mukden, Oct. 21.—All was quiet Thursday on the western front. There were isolated discharges of artillery in the early hours of the day, but later quiet prevailed.

There was a sudden attack by the Japanese at 3:25 o'clock Wednesday afternoon at the Russian advanced position southwest of Mukden. Colonel Musnitsky promptly sent out three companies to make a counter attack and the Japanese quickly fell back, having sustained severe losses. The Russian casualties were 3 killed and 11 wounded. The Japanese were pressed so hard that they were obliged to abandon a gun bearing the number 583; but the breech block was removed. The limber contained 48 rounds of ammunition. Thanks to the dense fog prevailing at the time the Russians were able to remove the gun without the loss of a single man.

### RACE RIOT IN INDIANA.

Italians and Negroes Engage in Fatal Fight.

Lawrenceburg, Ind., Oct. 21.—During a race riot Thursday between negroes and Italians employed at the Oliver construction camp near here, Lewis Hughes, colored, of Fairfield, Ky., was shot twice in the head; John Willis, colored, of Louisville, Ky., was shot in the right leg and abdomen and others received minor injuries. Hughes is fatally wounded.

Sheriff Axy was notified and returned to the city with five negroes and three Italians. The Italians claim that the negroes held them at the point of revolvers and robbed them of their savings. Twenty of the participants escaped and bloodhounds have been put on their trail.

# CALUMET Baking Powder

Food prepared with Calumet Baking Powder is pure and healthful, and is free from Rochelle salts, alum, lime and ammonia. A wonderful powder of unequalled strength.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

## DR. FENNER'S Kidney AND Backache Cure

Also Purifies the Blood. Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a lifetime curing just such cases as yours. All consultations FREE. Suffered with Kidney Trouble. Had Pains in His Back.

"For some time past I have been suffering with kidney trouble, causing severe pains in my back. I was unable to do any heavy work. I tried many remedies and doctors but without benefit. I then commenced taking Dr. Fenner's Kidney and Backache Cure and secured prompt relief and now after many months, have had no return of the aches and pains and am able to work as I could not before.

My little grandson has also been greatly benefited by its use.

I certainly heartily recommend your Kidney and Backache Cure and am very thankful for the cure it has wrought in me. Yours truly,

Is the St. Louis Fair a real World's Fair?

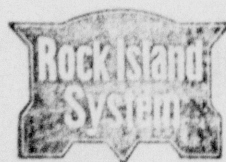

Yes, more so than any other Exposition ever held.

Why?

Because 50 different nations (to say nothing of 44 of our own States) will be represented; because the St. Louis Fair is twice as big and cost nearly three times as much as the Columbian Exposition; because it represents the latest triumphs of civilization.

About getting there?

Take the Rock Island System. Only one night from St. Paul and Minneapolis.

## ADOPTS COMPROMISE

EPISCOPAL HOUSE OF DEPUTIES PASSES RESOLUTION ON DIVORCE QUESTION.

### PROPOSED RULE STRINGENT

MAY PRACTICALLY ABOLISH REMARRIAGE OF DIVORCEES BY THE CHURCH.

Boston, Oct. 21.—By an overwhelming majority a compromise canon on the remarriage of divorced persons was adopted by the house of deputies of the Episcopal general convention Thursday and if it is concurred in by the house of bishops the most important issue has come before the present convention will be disposed of for three years at least. The compromise, like the old law, permits the remarriage of the innocent persons in a divorce for infidelity, but further provides that no remarriage shall be allowed within one year after decree has been issued by a civil court. Satisfactory proof of the innocence of the applicant for remarriage must be furnished in the shape of court records, and after the consent of the bishop is obtained, a clergyman may refuse to perform such a ceremony without subjecting himself to censure or discipline. The canon just adopted is so strict that if intorsed by the house of bishops it will, in the opinion of many, practically put the church out of the divorce business. Some delegates, however, claim to see loopholes in the canon.

The vote on the passage stood: Clerical, 52 dioceses for; 7 against; 2 divided; lay vote, 46 dioceses for, 5 against and 2 divided.

### CONGREGATIONALISTS ADJOURN.

Important Session of the Council at Des Moines Ended.

Des Moines, Ia., Oct. 21.—The national Congregational council was adjourned Thursday by Moderator Washington Gladden after two strong addresses, one by himself interpreting the significance of the council as related to the future of Congregationalism, and another by President Cyrus C. Northrop of the University of Minnesota. The delegates were carried by special train to St. Louis to hold services at the exposition Friday.

The council is declared to be the most important in the history of the church because of at least two important actions—the adoption of plans for church federation with the Methodist Protestant and the United Brethren churches and for the enlargement of the duties of the moderator.

The committee appointed to consider the divorce question recommended that a committee of five be appointed to study the question for a period of three years and to report at the next annual meeting of the council.

The council refused to draw the color line by adding the word "colored" after the name of negro churches.

### CUBAN CONGRESS ADJOURNS.

After Having Spent Seven Months in Fruitless Sitzings.

Havana, Oct. 21.—After seven months of fruitless sittings the session of the Cuban congress closed last night. The fight in the house over seats continued throughout the session and resulted in the seating of nearly all the Moderate coalition contestants. The Nationalists, however, succeeded nearly always in breaking quorums because the Moderate majority were rarely able to master their full membership. Whether any act of the session can be construed as legal will shortly be determined by the supreme court in an action which is pending to test the constitutionality of the law prohibiting the exportation of palm bark which is used in Cuba for packing tobacco.

### TWO CHILDREN SUFFOCATED.

Mother of the Little Ones Burned In Trying to Save Them.

Milwaukee, Oct. 21.—Clarence and Edward Schinner, aged respectively four and two and a half years, were suffocated by smoke in a clothes closet in the garret of their home, 738 Franklin street, last evening. The mother of the children sustained severe burns while attempting to rescue the kids. It is presumed that the children were playing with matches and that the fire resulted from carelessness. When the flames began to spread the children went into the closet, closed the door and were soon suffocated. The pecuniary loss was small.

### IOWA BANKER SUICIDES.

Despondent Over Loss of Money in Failed Institution.

Davenport, Ia., Oct. 21.—William Schwaning, president of the Farmers' bank at Walcott, committed suicide Thursday by hanging. He is said to have been despondent over the loss of money in connection with the failure of a bank at New Liberty. As a consequence of the failure of the New Liberty bank, charges have been preferred against the Beuthens, father and son.

### Minnesota Charter Revoked.

Washington, Oct. 21.—The supreme commandery of the Knights of Malta, at its meeting here Thursday, revoked the charter of the Minnesota commandery of that order. The reason given was that the membership of the Minnesota branch was inadequate, there being less than 100 members in the whole state.

### Retired Naval Officer Dead.

New York, Oct. 21.—Word has been received here of the death Thursday of Captain Edward N. Whitehouse, U. S. N., at Varenna, Lake Como, Italy. Captain Whitehouse was a paymaster in the navy and the second son of Bishop Whitehouse of Illinois.

### MEDICAL MAN SUICIDES.

Jumps From a Hospital Window and is Killed.

Philadelphia, Oct. 21.—Suffering from acute nervous disorders, Dr. George H. Purviance of Washington, D. C., assistant surgeon general of the marine hospital service, jumped from the fourth story window of the orthopaedic hospital here last night and was instantly killed. He was about sixty-three years old and came to the hospital Aug. 8 to be treated for neurasthenia and general breakdown.

A nurse saw the doctor open a window on the fourth floor, and step out on a small balcony. She followed quickly and grasped the doctor on the shoulder as he was climbing over the balcony rail. He tried to free himself and then caught the nurse about the waist and was slowly dragging her over the rail when she managed to break his hold. Before she could again seize him the invalid plunged head-first into an airway below the sidewalk. He was dead when picked up.

### FOUND NEAR MISERY BAY.

Empty Rowboat With Suicide's Body as an Anchor.

Erie, Pa., Oct. 21.—A rowboat Thursday was found in the harbor near Misery bay, containing only a coat to which was tied the following note, written on the back of an old envelope:

"Fred Thompson: You will find me at the other end of this line."

The line was fastened to one of the oarlocks and when pulled in Louis E. Thompson's body was dangling from the other end. The deceased was thirty-five years old, unmarried and a son of the late Captain E. L. Thompson of the tug Erie, and a brother of the man to whom the note was addressed.

Despondency over his father's death caused Thompson's act.

### CHICAGO TURFMAN ROBBED.

"Mont" Tennes Held Up on a Crowded Street.

Chicago, Oct. 21.—"Mont" Tennes, the well known turfman and bookmaker of this city, was held up last night at the intersection of Belden avenue and Lincoln avenue, while both streets were filled with passers-by, and robbed of \$700 in money, and diamonds valued at \$1,500. Tennes, who was returning from the North racetrack, was on his way home when he was overtaken by three men, one of whom placed a revolver to his head, and another put a similar weapon against his side. They compelled him to cross the street to a vacant lot, and climb the fence. Once behind the fence, they threw Tennes to the ground and took all his money and diamonds and escaped.

### Mail Steamer Overdue.

Havana, Oct. 21.—Up to 7 o'clock Thursday night no news had been received of the Spanish royal mail steamer Buenos Aires, which left New York Oct. 13, and is now four days overdue at this port.

### Hill Speaks in Ohio.

Mansfield, O., Oct. 21.—Former Senator David B. Hill of New York was the principal speaker at a largely attended Democratic meeting here last night.

### TELEGRAPHIC BREVITIES.

Secretary of the Treasury Shaw and Senator Dewey spoke in Auburn, N. Y., Thursday night.

Congressman William Bourke Cockran of New York addressed an immense audience at Chicago Thursday night.

King Edward Thursday entertained at luncheon at Buckingham palace the officers of the American warships now at Gravesend.

At Cumberland, Md., Speaker Joseph G. Cannon delivered a speech Thursday night to a large and enthusiastic audience.

Henry G. Davis, Democratic candidate for vice president, will welcome W. J. Bryan to West Virginia at Parkersburg Friday.

Dr. Silas C. Swallow of Pennsylvania, presidential candidate of the Prohibition party, addressed a prohibition mass meeting in New York city Thursday night.
